OBJECTIVE

- Work and study hard, gather experience, self-improvement.
- Team unity & trust, Attaches great importance to the group's interests to common development.
- To become a person who can work independently and take on important responsibilities.
- Learn more things when working in foreign companies to accumulate much experience for future promotion.

ADDITIONAL INFORMATION

Even when working at high speed, I do not neglect accuracy and would therefore be particularly suitable for the demands of working as Technical Engineer. Even under pressure I can maintain high standards. And thus I would have the opportunity the opportunity to combine my interests with this placement. Thank you for your time and consideration. I look forward to the opportunity to personally discuss why I am particularly suited to this position.

Best Regards,
LIEN
