MY PERSONAL INFORMATION

Now, I am 19 years old, the second year student in Foreign Trade University. My major is International Economics. My dreamful job is Business Analyst, Data Analyst or Market Researcher.

SKILLS

- Interest in the Asia business and investment environment
- Strong English writing and speaking skills
- Co Proactive, responsible and able to work under pressure, with strong Research skills.
- Strong communication skills, and desire to meet and interact with business people
- Able to identify creative solutions to find data and research problems.
- Proactive worker that demonstrate initiative
- Graduate or currently studying for a university degree
- Able to use all MS software products competently

EXPERIENCE

Telesales

2018

After working in the Institute of Economics and International Trade in one month, the biggest lesson I received is improving soft skills including communication, convincing customers to buy MOS courses as much as possible.

Online Teacher

From 2019 to now

Thanks for Topica Native, I have a big chance to teach as well as speak English a lot. Then I am also an assistant for native teachers, so writing the lessons before starting exactly is extremely important for me. Another thing is that I can work under pressure however hard it is.

MY HOBBY

- ★ Watching horror films alone
- ★ Listening to ballad songs
- ★ Reading detective novels

Finally, It's my pleasure if I have a chance to work with you.
